Re: Kamau Akili Shabazz aka Otis Green II
CDCR No: H25460
Case No: BA172799
Date of Sentence: October 18, 1999

Dear Honorable John D. Harris:

The purpose of this letter is to provide the court with the authority to resentence inmate Otis Green, H25460, pursuant to Penal Code (PC) Section 1170, Subdivision (d)(1). PC Section 1170, subdivision (d) provides that, upon recommendation of the Secretary of the California Department of Corrections and Rehabilitation (CDCR), the court may recall a previously ordered sentence, provided the new sentence is no greater than the initial sentence.

As the Secretary of CDCR, I take my obligation to public safety very seriously and choose only to make exceptional conduct referrals when an inmate's behavior, while incarcerated, demonstrates a sustained compliance with departmental rules, regulations and requirements as well as prolonged participation in rehabilitative programming. These inmates have not only exhibited exceptional conduct through their ability to obey rules and regulations, but have also demonstrated a commitment to their rehabilitation through voluntary participation in self-help programs.

Inmate Green has received three Rules Violation Reports since being received to CDCR on November 3, 1999, however, he has remained disciplinary free since May of 2005. Inmate Green is currently assigned as a part-time Vocational Computer and Related Technology Student and as a full time Companion Dog Trainer, Secondary Teacher with the New Life K9's Program. Inmate Green also participates in college (correspondence), and The Urban Ministry Institute self-help program.

The Honorable John D. Harris

Inmate Green and another inmate were instrumental in creating an inmate outreach group, specifically developed to assist in the Non-Designated Programming Facility (NDPF) at California Men's Colony called "G.R.O.W." (Growing Reinforces Our Worth). Inmate Green was recognized for working directly with the Warden, Executive Staff, along with inmates who are integrating into the General Population from a Sensitive Needs Yard. G.R.O.W. brought factions of all ethnicities together, including Northern and Southern gang members, on a weekly basis to discuss the NDPF transition and everyone should work towards making it a success.

Inmate Green has also successfully completed the courses and training required for the Offender Mentor Certification Program. He has completed approximately 12 months and over 2600 hours of intensive training and passed the final written State Certification Examination facilitated by the California Association of Alcohol and Drug Facilitators.

Having reviewed the enclosed documentation it appears that inmate Green's sentence warrants the attention of the court. Pursuant to PC Section 1170, Subdivision (d), as the Secretary, I recommend the inmate's sentence be recalled and that he be resentenced.

Sincerely,

RALPH M. DIAZ
Secretary
